

CITY OF AUBURN, SANGAMON COUNTY, ILLINOIS
REQUEST FOR PROPOSALS FOR ARCHITECTURAL SERVICES

**Assistance with a Design-Build Services Request for Proposals,
New Municipal Building Project – Supplemental Information**

In response to questions received regarding the Request for Proposals (“RFP”) described above, please see the information below.

- 1. Can you clarify in III.B.5 what is meant by drawing samples? Are you requesting samples of the type of documents we will provide as a part of the Letter of Interest?**

Yes, the City is requesting samples of the Design/Build proposals that would be prepared in the event of being awarded the bid.

- 2. Under IV.E.2.b, you mention sampling techniques and analytical procedures. Is that about hazardous materials (asbestos or lead) or related to submitted drawing samples as asked above?**

IV(E)(2)(b) refers to those drawing samples referenced above.

- 3. The scope of this work appears to be producing a set of documents through which the City will obtain Design/Build proposals. Will a successful bidder preparing the proposal documents eliminate us from consideration as part of a design-build team?**

Yes. Please see 65 ILCS 5/11-39.2-20(d).
